EXPERIENCE

Kraehling Farms, St. Agatha ON — *Farm Worker*

May 2019 - Aug 2019

I worked as a farm worker doing various jobs. Some of these jobs included rock picking, searching through wood debris and varied cleaning.

Fischer Canada, Waterloo ON — *General Labourer*

June 2018 - Aug 2018

I worked as a general labourer on various machines such as a CNC machine and perforator.

Bulk Barn, Waterloo ON — *Stock Associate*

May 2017 - Aug 2017

I worked as a stock associate maintaining the level of bulk product on the store floor. I maintained the stock room as well, and I inventoried the bulk goods.

EDUCATION

University Of Guelph, ON Canada — *Bachelors*

September 2016 - April 2020

Honours Bachelors In Computer Science with a Minor in Statistics

PROJECTS

Cloud VM Automation— *Class Project (Python 3)*

Based on a JSON configuration File the script is to automate the deployment of AWS EC2 instances as well as Azure Virtual Machines. This will add persistent storage as well as set up docker and docker containers if desired
